

CABIN LINE

Metalika

Metalika is an innovative producer of marine furniture, always focusing on quality, functionality and price. Its products are based on family tradition in furniture production since 1932 and today's latest technology in its production process. The combination of tradition workmanship, professional staff and latest Lean Factory technology results in the best quality for a competitive price. Ships at all stages of their lifecycles are Metalika's prime interest.

Main advantage of all Metalika's furniture and also CABIN LINE is that we can always offer you products that will exactly fit into your available areas!

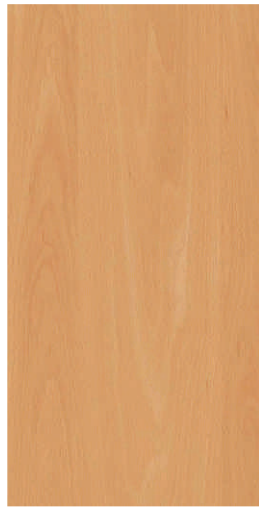

Possible changes in the length, depth and height!
